

Teen Leadership Troy

The purpose...

A group of selected high school seniors participate in a week long program to develop and enhance community leadership skills and potential through a series of classroom and practical learning experiences. Teen Leadership Troy is sponsored by the Troy Area Chamber of Commerce and was founded by alumnae of Leadership Troy.

The program...

By utilizing theoretical and practical approaches to leadership skill development, students will be better prepared to incorporate practiced skills into potential academic and social development.

The students will observe local leaders at various community agencies, businesses and government and discuss with these individuals how and why they have chosen their field of work, the career goals they have set and the leadership styles they use.

The participants...

A Commitment to Excellence...

The Teen Leadership Troy program is dedicated to providing a valuable learning experience with the help and cooperation of our community's hard-working leaders. To ensure the success and excellence of this program, we must ask that applicants consider the following expectations and commitments:

Teachable: students will be exposed to countless learning opportunities.

Conscientious: exhibit a high standard of morals. These students will represent the Troy Community and be looked upon as role models in the community.

Hard-working: assignments are a vital part of the experience.

Dependable: on time, with no other commitments, which will interfere with attendance.

Faculty, community leaders or Leadership Troy alumnae can recommend participants.

Participation in sessions represents a significant commitment of time and dedication on the part of the participants. Participants are required to attend all sessions.
